

TRI-KEV-JACK

RANGE 100

PART NO. KPJH-100C

The Kev-Jack is a tall jack specifically designed for pipe installation in tight spaces, such as machine rooms or tunnels. The safe and portable folding support is easy to transport and supports a considerable load of 450 kg (1000 lbs) at 1829 mm (72"). In its lowest position of 980 mm (39"), the Kev-Jack is ideal for standard pipe welding fabrication. The legs fold for convenient storage in toolboxes or truck beds.

CARACTERISTICAS GENERALES

Load Capacity 1588 kg (3500 lbs) / 450 kg (1000 lbs) (at the highest point).

Height Range 980 - 1829 mm (39 - 72").

Weight 15.5 kg (34 lbs).

High jack designed for pipe installations in tight spaces.

Foldable legs for easy storage.
